Rose Week

Lambda Omicron’s annual Rose Week took place during November 7 –11. It included several events that helped raise our goal of \$100 to donate to SAI Philanthropies, Inc. Our week long events included: a bake sale, an election watch party, open mic nights, and Mr. Red and White Pageant. We had three fantastic men compete for our 2016 Mr. Red and White title with Daniel Auli, representing Phi Mu Alpha Sinfonia, winning the title for the upcoming year.

New Initiates

Lambda Omicron is proud to welcome four new initiates to the chapter: (from front to back) Laura Camafrita, Gabriella “Stella” Russotti, Rebecca Sloat, and Victoria Patel. Each woman showed significant dedication studying the information for the National Exam, and undertook several class projects including: a philanthropy project— where they participated in the Miami Down Syndrome Walk, and put together a showcase that displayed their musical talents that was a throwback theme with songs ranging from Rocky Horror’s “Time Warp” to the Backstreet Boys’ “Bye Bye Bye”. We are incredibly proud of these new initiates, and are anxious to see how they bloom in our organization! A very special thank you to our former Vice President, Membership, Aniza Cantillo for educating our newest members and providing the most of their process experience!
